

ALBERNI-CLAYOQUOT CONTINUING CARE SOCIETY

MISSION STATEMENT

As part of the health care system, the Alberni-Clayoquot Continuing Care Society provides quality care services to residents of the Alberni Valley. We believe in a holistic approach to care with a commitment to each resident that embraces safety, quality of care, and quality of life.

As a health care provider, the Alberni-Clayoquot Continuing Care Society recognizes it has both a community and social responsibility as an employer and an economic entity, as an educational resource, as a health care resource, and as a consultative resource in a continuous effort towards achievement of leadership in continuing care.
